INDEPENDENT AUDITORS' REPORT

The Board of Directors
The Greater Baton Rouge Food Bank
Baton Rouge, Louisiana

Report on Financial Statements

We have audited the accompanying financial statements of The Greater Baton Rouge Food Bank (a not-for-profit Organization) which comprise the statements of financial position as of December 31, 2016 and 2015, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Greater Baton Rouge Food Bank as of December 31, 2016 and 2015, and the respective changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

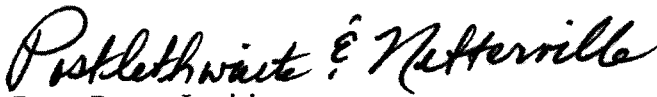

As discussed in Note 14 to the financial statements, the Food Bank was impacted by a natural disaster in August 2016 which significantly impacted its operations for the year ended December 31, 2016. Our opinion is not modified with respect to this matter.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of compensation, benefits and other payments to Chief Executive Officer included on page 23 is presented for purpose of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reports Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report, dated September 29, 2017, on our consideration of the Organization's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

THE GREATER BATON ROUGE FOOD BANK
(A NOT-FOR-PROFIT ORGANIZATION)
BATON ROUGE, LOUISIANA

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The Greater Baton Rouge Food Bank (the Food Bank or the Organization) is a not-for-profit organization that gathers, stores, and redistributes food to charitable organizations and churches that serve the needy. Food sources include donations from individuals, corporations, and organizations; purchased food; and the U.S. Department of Agriculture (USDA) Commodities program.

Due to heavy rainfall and severe storms in Louisiana between August 12 and August 15, 2016, record flooding throughout East Baton Rouge Parish endangered the lives of Louisianans and inflicted heavy damage to public and private property, including The Food Bank. The Food Bank's building received flood water that reached four or more feet in height, damaging the building and destroying its contents and fixed assets. See note 13.

Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). The Food Bank is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates. Significant estimates have been applied in the determination of donated food values and depreciation in preparation of the accompanying financial statements.

Property and Equipment

Property and equipment are stated at cost. Additions, renewals, and betterments that extend the useful life of the assets are capitalized. Maintenance and repair expenditures are expensed as incurred. Provisions for depreciation and amortization are computed using the straight-line method over the assets' useful lives, which range from 3 to 39 years.

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue Recognition and Promises to Give

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted depending on the existence or nature of any donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

Grants receive the same accounting treatment as contributions, if the grant activity is to be planned and carried out by the Organization and the Organization has the right to the benefits of carrying out the activity.

Management has evaluated Promises to Give and does not believe an allowance is necessary at December 31, 2016 or 2015.

Income Taxes

The Organization has been recognized by the Internal Revenue Service as a not-for-profit organization as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal income taxes. The Organization had unrelated business taxable income of \$24,000 and \$17,000 for the years ended December 31, 2016 and 2015, respectively, related to rental income. The Organization filed Form 990T in relation to this business income, however, no material amount of income tax was paid due to the related expenses that were deductible from the income. Accordingly, no provision for income taxes on related income has been included in the financial statements for December 31, 2016 or 2015.

In Management's judgment, the Food Bank does not have any tax positions that would result in a loss contingency considering the facts, circumstances, and information available at the reporting date.

Food Inventory - Donated and Purchased

Food inventory, predominately donated, including food received, distributed and undistributed, is valued using the estimated fair value as determined by the Feeding America Product Valuation Survey prepared by KPMG, LLP on an annual basis. The report provides the average wholesale value of products donated to the network and is considered to be a reasonable basis upon which to estimate these amounts. The average wholesale value used for the years ended December 31, 2016 and 2015, was \$1.67 and \$1.70 per pound, respectively. The Food Bank receives donated Meals Ready to Eat (MRE's) periodically during the year. MRE's are valued using available market prices (fair value) for meals with a similar test by date. The average fair value at December 31, 2016 and 2015 was \$60 and \$47. Donated food inventory received is recorded as unrestricted revenue at an amount equal to the determined value in accordance with the aforementioned guidelines. Purchased food inventory is recorded at cost.

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Food Inventory - Commodities

The Food Bank records commodities inventory as determined by the commodities price listing produced by the Louisiana Department of Agriculture and Forestry. Commodities inventory received is recorded as unrestricted revenue at an amount equal to the determined value in accordance with the aforementioned guidelines. During the year ended December 31, 2016 and 2015, the food product prices averaged \$1.02 per pound and \$1.03 per pound, respectively.

Investments

Investments are carried at net asset value (NAV) of units held by the Food Bank at year end. The change in fair value is recognized as a component of investment income. Accrued interest on investments is recognized as a component of accounts receivable.

Cash and Cash Equivalents

Cash and cash equivalents include all monies in banks and highly liquid investments with original maturities of less than three months. Restricted cash represents amounts held by the Organization with donor-imposed restrictions.

Other Receivables

The Food Bank determines past-due accounts based on contractual terms and does not charge interest on the accounts. Receivables consist primarily of amounts due from various grants. The Food Bank charges off receivables if management considers the collection of the outstanding balance to be doubtful. Management does not believe an allowance is necessary at December 31, 2016 or 2015.

Donated Services

A significant portion of the Food Bank's functions are conducted by unpaid volunteers. The value of the contributed time is not reflected in the financial statements since the services do not meet the criteria for recognition under accounting principles generally accepted in the United States of America.

Donated Materials

Donated materials are reflected as contribution income and expense in the accompanying financial statements at their estimated fair market values at the date of receipt. Various materials were donated to the Food Bank to help aid in their mission. These materials were valued at approximately \$239,000 and \$116,000 for the years ended December 31, 2016 and 2015, respectively. The amount at December 31, 2016 consisted mainly of donated computer and phone equipment of \$186,000. The amount at December 31, 2015 consisted mainly of donated advertisements of \$77,000.

5. NOTES PAYABLE

The Organization received \$500,000 as part of a loan agreement with the Office of Community Development during the year ended December 31, 2013 which was used for the rehabilitation of the new office and warehouse. This is a principal only loan with a term of 5 years fixed amortization. Beginning in 2014, the loan will be forgiven upon annual verification of compliance as to the occupancy and the use of the property to benefit low to moderate income individuals. An amount equal to one fifth of the total amount of this loan will be forgiven annually. During the years ended December 31, 2016 and 2015, respectively, \$100,000 was forgiven on the loan.

The Organization also received an additional \$500,000 repayable loan with the Office of Community Development during the year ended December 31, 2014. This is a principal only loan which is also for the rehabilitation of the new office and warehouse. Therefore, interest was imputed at a rate of 4%. In 2014, the present value of the note payable was \$405,545. \$9,445 was recorded as interest for the years ended December 31, 2016 and 2015. The loan is due over a 10 year period with the first payment to be due ninety days after the expiration of the agreement which was December 31, 2013, or March 31, 2014. Payments totaling approximately \$50,000 and \$79,000 were made for the years ended December 31, 2016 and 2015.

6. VEHICLE LEASES

The Food Bank leases delivery trucks for food distribution. Three operating leases were entered into in October of 2013; however, the trucks were not put into service until May 2014. A fourth lease was entered into in August 2014, but the truck was not put into service until March 2015. All four of the leased trucks were lost in the August Flood. A lease was entered into in April 2016, but the truck was not put into service until October 2016. With the loss of the four leased trucks and three Food Bank owned vehicles, the Food Bank entered into five new truck leases that were finalized on January 3, 2017. The terms of the leases, which range from 5 to 7 years, require annual rental payments as follows:

2017	\$	124,140
2018		124,140
2019		124,140
2020		124,140
2021		110,235
Thereafter		211,200
	\$	<u>817,995</u>

Rental expense for the leases was \$148,641 and \$69,404 for the years ended December 31, 2016 and 2015, respectively.

7. RETIREMENT PLAN

The Food Bank has a qualified Internal Revenue Code Section 403(b) annuity plan. The Plan covers all employees who have completed at least three months of service. The Food Bank is obligated to match up to 50% of an employee's deferred amount, up to 10% of their pay. The Food Bank has the option to match up to 100% in any one year. The Food Bank contributed \$23,564 and \$25,034 to this Plan during the years ended December 31, 2016 and 2015, respectively.

8. INVESTMENT INCOME

The Food Bank has cash in money market accounts and pooled separate accounts held by BRAF that pay interest. Investment income (loss) on investments was comprised of the following:

	<u>2016</u>	<u>2015</u>
Net unrealized gains (losses) on endowment fund	\$ 48,150	\$ (40,508)
Dividend and interest	<u>25,924</u>	<u>25,271</u>
	<u>\$ 74,074</u>	<u>\$ (15,237)</u>

9. FUNCTIONAL ALLOCATION OF EXPENSES

The costs of providing the various programs and activities have been summarized on a functional basis in the statements of activities and functional expenses. Accordingly, certain costs have been allocated by management among the programs and supporting services benefited.

10. COMMITMENTS AND CONTINGENCIES

The Food Bank is, from time to time, involved in lawsuits arising in the ordinary course of its business that, in the opinion of management, will not have a material effect on the Food Bank's results of operations.

On December 20, 2016, the Food Bank signed an agreement with a contractor for repairs and maintenance of the warehouse and facility for flood damage. The estimated repairs are approximately \$1.4 million. See Note 14.

11. PROMISES TO GIVE

Unconditional Promises to Give

Unconditional promises to give at December 31, 2016 and 2015 are as follows:

	<u>2016</u>	<u>2015</u>
Receivable in less than one year	\$ 62,950	\$ 212,529
Receivable in one to five years	<u>2,250</u>	<u>65,700</u>
Total unconditional promises to give	65,200	278,229
Less: Discount to net present value	<u>(2,280)</u>	<u>(7,208)</u>
Net unconditional promises to give	<u>\$ 62,920</u>	<u>\$ 271,021</u>

The discount rate used on the valuation of long-term promises to give was 2.73% for the year ended December 31, 2015 the rate of return of the 30 year U.S. Treasury Bill. There were no new pledges for the year ended December 31, 2016.

The scheduled payments on promises to give are as follows:

2017	\$ 60,728
2018	<u>2,192</u>
	<u>\$ 62,920</u>

During the years ended December 31, 2016 and 2015, \$11,200 and \$50,650, respectively was written off related to reduction in pledges.

NOTES TO FINANCIAL STATEMENTS

12. FAIR VALUE OF FINANCIAL INSTRUMENTS

Accounting principles generally accepted in the United States of America (GAAP) provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the organization has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement, determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money market and pooled funds: Valued at the net asset value (NAV) of units held by the Food Bank at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Food Bank's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

13. ENDOWMENT NET ASSETS

The primary objective of the Food Bank's investment and spending policies for its endowed assets is for the investment of donor contributions made in memory of individuals. These donations are used to meet the mission statement of the Food Bank. Its endowment includes donor-restricted endowment funds. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Directors of the Food Bank has interpreted the Louisiana State Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. This Act was effective July 1, 2010. Upon implementation, the Food Bank classified as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Donations, to be used to meet the mission statement of the Food Bank, can be solicited for this fund. Interest, dividends, capital gains or other earnings of the Fund are to be utilized at the discretion of the Board of Directors, and in compliance with the policies and procedures of the Board designated holder of the endowment. This policy, with the exception of the inviolate nature of the endowment that may not be altered, may only be changed by a two-thirds majority vote of the elected, voting members of the Board of Directors. The corpus of the assets of this fund is considered to be permanently restricted.

13. ENDOWMENT NET ASSETS (continued)

Investments of the Endowment Fund consist solely of amounts invested in the Baton Rouge Area Foundation Investment Pool (BRAf). To satisfy its long-term rate-of-return objectives, the Food Bank relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The carrying amount of the investments of \$1,379,335 and \$1,241,853 as of December 31, 2016 and 2015, respectively, are recorded at their fair value which is based on the net asset value of BRAf's investment pool. The investments are in pooled funds primarily composed of mutual funds held at the Baton Rouge Area Foundation.

As of December 31, 2016 and 2015, all interest and dividend income and unrealized gains were classified as unrestricted.

The endowment net asset composition by type of fund was as follows as of December 31, 2016 and 2015:

14. THE FLOOD AND INSURANCE PROCEEDS

Due to heavy rainfall and severe storms in Louisiana between August 12 and August 15, 2016, record flooding throughout East Baton Rouge Parish endangered the lives of Louisianans and inflicted heavy damage to public and private property, including The Food Bank. The Food Bank's building received flood water that reached four or more feet in height, damaging the building and destroying certain contents and fixed assets. To complete Emergency Protective Measures necessary to reduce and prevent additional damage to the facility and prevent additional public health hazards, the Food Bank secured services to dewater, clean and stabilize the facility, incurring cost up to \$2.0 million. These costs are recorded in Repairs and maintenance, Waste disposal and other various accounts on the Statement of Operations for the year ended December 31, 2016. The value of the property and equipment lost, including its building, vehicles, and furniture and equipment, was \$2.1 million, less accumulated depreciation of \$0.4 million, and the value of the inventory lost was \$0.7 million, for a total loss of \$2.4 million recorded in expenses in the Statement of Operations for the years ended December 31, 2016.

The Food Bank maintained a flood and inland marine policy and filed a claim for recovery of damages to its property and equipment. The Food Bank reached a settlement of damages to the building and equipment insured and received approximately \$0.7 million. The Governor of Louisiana requested a Presidential disaster declaration, which was declared (DR-4277) on August 14, 2016, authorizing the Federal Emergency Management Agency (FEMA) to activate the Public Assistance (PA) program. The Food Bank is seeking reimbursement for eligible recovery costs through the PA program for Emergency Protective Measures. Under the Emergency Protective Measures PA program, the Food Bank has submitted reimbursement requests to FEMA in the amount of \$1.4 million for the year ended December 31, 2016. The Food Bank believes that up to \$0.2 million could be disallowed and has recorded a receivable for \$1.2 million on the Statement of Financial Position as of December 31, 2016.

The Food Bank's is also seeking reimbursement through the PA program for Permanent Work Project Worksheets which was not completed until 2017. See footnote 15.

15. SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date that the financial statements were available to be issued, September 29, 2017, and determined that the following disclosures are necessary. In May 2017, the Food Bank completed the extensive renovations to the warehouse and facility and was able to return to full operations. The Food Bank is currently in the process for applying for reimbursement from FEMA through the PA program for Permanent Work Project Worksheets, which is anticipated to be in excess of \$1 million. No events occurring after this date have been evaluated for inclusion in these financial statements.
